## **DETAILED ACTION**

### ***Information Disclosure Statement***

1. The information disclosure statement (IDS) submitted on June 6, 2008 was filed after the mailing date of the Notice of Allowance on March 10, 2008. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

### ***Allowable Subject Matter***

2. Claims 1-58 are allowed.

### ***Reasons for Allowance***

3. The following is an examiner's statement of reasons for allowance.

The prior art of record, taken alone or in combination, does not teaches the design of a method for controlling a portable range extender as described on and including all the disclosed limitations of independent claim 1, comprising the steps of:

in response to a sensed rotational speed that meets a first predetermined speed threshold and a sensed engine temperature that meets a predetermined temperature threshold, supplying fuel to the engine and activating ignition of the engine for operation as a prime mover; and

after a period of engine prime mover operation, operating the dynamoelectric machine as a generator to provide an electrical current output.

The prior art of record, taken alone or in combination, does not teaches the construction of a portable range extender as described on and including all the disclosed limitations of

independent claim 11 and a vehicle as described on and including all the disclosed limitations of independent claim 41, wherein in response to a user input to the controller / autonomous controller, the controller/ autonomous controller provides operations including:

a first phase in which electrical energization is applied from the direct current source to the dynamoelectric machine for operation thereof as a motor to drive the shaft to start the engine in rotation;

a second phase in which the engine is activated for operation as a prime mover;  
and

a third phase in which the dynamoelectric machine is activated for operation as a generator for providing electrical current to the vehicle.

Dependent claims 2-10, 12-40 and 42-58 are considered allowable by their respective dependence on allowed independent claims 1, 11 and 41.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
